

Product Description

- Stone-look surround frames the built-in firebox for a clean, attractive look.
- Durable fiberglass reinforced concrete.
- Low-profile design provides the look of an authentic fireplace.
- Wall bracket makes installation quick and easy: one person, one trip.
- 'Transitional' design suits traditional or contemporary décors.
- Surround and built-in fireplace can be placed at floor level, or higher up in the wall (as shown).

Stone-look surround (BS39-STN) with BF39DXP firebox.
